With the **HDHP**, you pay the full negotiated cost for medical services and prescription drugs until you meet your annual deductible. After you meet the deductible, the health plan pays 100% of your covered in-network claims for the rest of the year. How accident insurance
can get you back on your feet.

Accident insurance

Accidents happen. With accident insurance, you can help them hurt a bit less.

Accident insurance is an extra layer of protection that gives you a cash payment to help cover out-of-pocket expenses when you suffer an unexpected, qualifying accident.

Who is it for?

Nobody can predict when an accident might happen. That's why accident insurance is an important add-on policy for people who want to supplement the health and disability insurance coverage they already have individually or through an employer.

What does it cover?

Accident insurance pays you lump sum benefits after an accident happens. This could be a severe burn, broken bone or emergency room visit. Our accident insurance policies also offer an increased benefit that pays extra for children injured while playing an organized sport like soccer, baseball, lacrosse, or football.

The child must be covered at the time the accident occurred and be 18 years of age or younger.

Why should I consider it?

Health coverage may become more expensive, with higher co-pays, premiums, and deductibles. Accident insurance can be a simple, affordable way to help supplement and cover additional expenses your health and disability insurance may not cover, including x-rays, ambulance services, deductibles, and even things like rent or groceries.

Plus, accident insurance is portable and payments are made directly to you.

You will receive these benefits if you meet the conditions listed in the policy.

How cancer insurance can ease the financial burden of a cancer diagnosis.

Cancer insurance

If you're diagnosed with cancer, the last thing you need to think about is the cost. Cancer insurance helps ease the financial burden.

Every year, more and more people are diagnosed with cancer. Unfortunately, in addition to bearing the physical and emotional toll of this disease, patients are often saddled with added financial expenses.

Who is it for?

Cancer insurance is for people who want added financial protection, in addition to their regular health insurance. It comes into play if you are diagnosed with cancer—providing additional financial support to help keep the focus on your cancer treatment and recovery.

What does it cover?

Cancer insurance benefits can help you handle medical plan deductibles, co-pays and other out-of-pocket costs by providing benefits when you receive radiation or chemotherapy treatment, or are hospitalized for surgery to treat cancer. These benefits can be used for non-medical expenses such as transportation to treatment facilities, and even everyday living expenses like groceries, rent, and mortgage payments.

Why should I consider it?

Health coverage may become more expensive, with higher co-pays, premiums, and deductibles. The unexpected out-of-pocket expenses of cancer recovery, including transportation, co-pays, and deductibles, can add up fast. What's more, some of the costs you may incur during recovery are non-medical, such as covering a mortgage, childcare, and household expenses. Cancer insurance can help you pay for all of them.

Plus, cancer insurance is portable and payments are made directly to you.

You will receive these benefits if you meet the conditions listed in the policy.

Extra support

Sarah's diagnosed with kidney cancer after a screening test and decides to undergo kidney removal surgery.

Average surgical expense: **\$25,000**

Average Major Medical deductible: **\$1,500**

Major Medical covers 80% of the surgical cost after the deductible is met, but Sarah's still responsible for 20%: **\$4,700**

Total out-of-pocket amount for Sarah (deductible + coinsurance): **\$6,200**

Sarah has Guardian's Cancer Advantage policy, which pays her **\$2,500** as an initial diagnosis benefit and **\$2,100** for a 7-day hospital stay.

This gives her a total of **\$4,600** to help cover a portion of her out-of-pocket amount.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under the plan. Therefore, the following deductibles and coinsurance apply:

Plan 1: PPO (Individual: 20% after deductible and \$1,000 deductible; Family: 20% coinsurance and \$2,000 deductible)

Plan 2: HIGH DEDUCTIBLE HEALTH PLAN (HDHP) (Individual: 0% after deductible and \$3,300 deductible; Family: 0% coinsurance and \$6,600 deductible)

If you would like more information on WHCRA benefits, please call your Plan Administrator at 501.224.7171 or lhorton@fellowshippar.com.

Newborns' and Mothers' Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2024. Contact your State for more information on eligibility –

HIPAA Special Enrollment Rights

Fellowship Bible Church Health Plan Notice of Your HIPAA Special Enrollment Rights

Our records show that you are eligible to participate in the Fellowship Bible Church Health Plan (to actually participate, you must complete an enrollment form and pay part of the premium through payroll deduction).

A federal law called HIPAA requires that we notify you about an important provision in the plan - your right to enroll in the plan under its "special enrollment provision" if you acquire a new dependent, or if you decline coverage under this plan for yourself or an eligible dependent while other coverage is in effect and later lose that other coverage for certain qualifying reasons.

Loss of Other Coverage (Excluding Medicaid or a State Children's Health Insurance Program). If you decline enrollment for yourself or for an eligible dependent (including your spouse) while other health insurance or group health plan coverage is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

Loss of Coverage for Medicaid or a State Children's Health Insurance Program. If you decline enrollment for yourself or for an eligible dependent (including your spouse) while Medicaid coverage or coverage under a state children's health insurance program is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage. However, you must request enrollment within 60 days after your or your dependents' coverage ends under Medicaid or a state children's health insurance program.

New Dependent by Marriage, Birth, Adoption, or Placement for Adoption. If you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your new dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

Eligibility for Premium Assistance Under Medicaid or a State Children's Health Insurance Program – If you or your dependents (including your spouse) become eligible for a state premium assistance subsidy from Medicaid or through a state children's health insurance program with respect to coverage under this plan, you may be able to enroll yourself and your dependents in this plan. However, you must request enrollment within 60 days after your or your dependents' determination of eligibility for such assistance.

To request special enrollment or to obtain more information about the plan's special enrollment provisions, contact Leigh Ann Horton - Human Resources Director at 501.224.7171 or lhorton@fellowshippar.com.

Important Warning

If you decline enrollment for yourself or for an eligible dependent, you must complete our form to decline coverage. On the form, you are required to state that coverage under another group health plan or other health insurance coverage (including Medicaid or a state children's health insurance program) is the reason for declining enrollment, and you are asked to identify that coverage. If you do not complete the form, you and your dependents will not be entitled to special enrollment rights upon a loss of other coverage as described above, but you will still have special enrollment rights when you have a new dependent by marriage, birth, adoption, or placement for adoption, or by virtue of gaining eligibility for a state premium assistance subsidy from Medicaid or through a state children's health insurance program with respect to coverage under this plan, as described above. If you do not gain special enrollment rights upon a loss of other coverage, you cannot enroll yourself or your dependents in the plan at any time other than the plan's annual open enrollment period, unless special enrollment rights apply because of a new dependent by marriage, birth, adoption, or placement for adoption, or by virtue of gaining eligibility for a state premium assistance subsidy from Medicaid or through a state children's health insurance program with respect to coverage under this plan.

Notice of Creditable Coverage

Important Notice from Fellowship Bible Church About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Fellowship Bible Church and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Fellowship Bible Church has determined that the prescription drug coverage offered by the medical plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens to Your Current Coverage if You Decide to Join a Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Fellowship Bible Church coverage will not be affected.

If you do decide to join a Medicare drug plan and drop your current Fellowship Bible Church coverage, be aware that you and your dependents will be able to get this coverage back.

When Will You Pay a Higher Premium (Penalty) to Join a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Fellowship Bible Church and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

Marketplace Notice

Health Insurance Marketplace Coverage Options and Your Health Coverage

PART A: General Information

Even if you are offered health coverage through your employment, you may have other coverage options through the Health Insurance Marketplace ("Marketplace"). To assist you as you evaluate options for you and your family, this notice provides some basic information about the Health Insurance Marketplace and health coverage offered through your employment.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options in your geographic area.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium and other out-of-pocket costs, but only if your employer does not offer coverage, or offers coverage that is not considered affordable for you and doesn't meet certain minimum value standards (discussed below). The savings that you're eligible for depends on your household income. You may also be eligible for a tax credit that lowers your costs.

Does Employment-Based Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that is considered affordable for you and meets certain minimum value standards, you will not be eligible for a tax credit, or advance payment of the tax credit, for your Marketplace coverage and may wish to enroll in your employment-based health plan. However, you may be eligible for a tax credit, and advance payments of the credit that lowers your monthly premium, or a reduction in certain cost-sharing, if your employer does not offer coverage to you at all or does not offer coverage that is considered affordable for you or meet minimum value standards. If your share of the premium cost of all plans offered to you through your employment is more than 9.12%¹ of your annual household income, or if the coverage through your employment does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit, and advance payment of the credit, if you do not enroll in the employment-based health coverage. For family members of the employee, coverage is considered affordable if the employee's cost of premiums for the lowest-cost plan that would cover all family members does not exceed 9.12% of the employee's household income.^{1,2}

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered through your employment, then you may lose access to whatever the employer contributes to the employment-based coverage. Also, this employer contribution -as well as your employee contribution to employment-based coverage- is generally excluded from income for federal and state income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis. In addition, note that if the health coverage offered through your employment does not meet the affordability or minimum value standards, but you accept that coverage anyway, you will not be eligible for a tax credit. You should consider all of these factors in determining whether to purchase a health plan through the Marketplace.

¹ Indexed annually; see <https://www.irs.gov/pub/irs-drop/rp-22-34.pdf> for 2023.

² An employer-sponsored or other employment-based health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs. For purposes of eligibility for the premium tax credit, to meet the "minimum value standard," the health plan must also provide substantial coverage of both inpatient hospital services and physician services.

LEGAL NOTICES

When Can I Enroll in Health Insurance Coverage through the Marketplace?

You can enroll in a Marketplace health insurance plan during the annual Marketplace Open Enrollment Period. Open Enrollment varies by state but generally starts November 1 and continues through at least December 15.

Outside the annual Open Enrollment Period, you can sign up for health insurance if you qualify for a Special Enrollment Period. In general, you qualify for a Special Enrollment Period if you've had certain qualifying life events, such as getting married, having a baby, adopting a child, or losing eligibility for other health coverage. Depending on your Special Enrollment Period type, you may have 60 days before or 60 days following the qualifying life event to enroll in a Marketplace plan.

There is also a Marketplace Special Enrollment Period for individuals and their families who lose eligibility for Medicaid or Children's Health Insurance Program (CHIP) coverage on or after March 31, 2023, through July 31, 2024. Since the onset of the nationwide COVID-19 public health emergency, state Medicaid and CHIP agencies generally have not terminated the enrollment of any Medicaid or CHIP beneficiary who was enrolled on or after March 18, 2020, through March 31, 2023. As state Medicaid and CHIP agencies resume regular eligibility and enrollment practices, many individuals may no longer be eligible for Medicaid or CHIP coverage starting as early as March 31, 2023. The U.S. Department of Health and Human Services **is offering a temporary Marketplace Special Enrollment period to allow these individuals to enroll in Marketplace coverage.**

Marketplace-eligible individuals who live in states served by [HealthCare.gov](https://www.healthcare.gov) and either- submit a new application or update an existing application on [HealthCare.gov](https://www.healthcare.gov) between March 31, 2023 and July 31, 2024, and attest to a termination date of Medicaid or CHIP coverage within the same time period, are eligible for a 60-day Special Enrollment Period. **That means that if you lose Medicaid or CHIP coverage between March 31, 2023, and July 31, 2024, you may be able to enroll in Marketplace coverage within 60 days of when you lost Medicaid or CHIP coverage.** In addition, if you or your family members are enrolled in Medicaid or CHIP coverage, it is important to make sure that your contact information is up to date to make sure you get any information about changes to your eligibility. To learn more, visit [HealthCare.gov](https://www.healthcare.gov) or call the Marketplace Call Center at 1-800-318-2596. TTY users can call 1-855-889-4325.

What about Alternatives to Marketplace Health Insurance Coverage?

If you or your family are eligible for coverage in an employment-based health plan (such as an employer-sponsored health plan), you or your family may also be eligible for a Special Enrollment Period to enroll in that health plan in certain circumstances, including if you or your dependents were enrolled in Medicaid or CHIP coverage and lost that coverage. Generally, you have 60 days after the loss of Medicaid or CHIP coverage to enroll in an employment-based health plan, but if you and your family lost eligibility for Medicaid or CHIP coverage between March 31, 2023 and July 10, 2023, you can request this special enrollment in the employment-based health plan through September 8, 2023. Confirm the deadline with your employer or your employment-based health plan.

Alternatively, you can enroll in Medicaid or CHIP coverage at any time by filling out an application through the Marketplace or applying directly through your state Medicaid agency. Visit <https://www.healthcare.gov/medicaid-chip/getting-medicaid-chip/> for more details.

How Can I Get More Information?

For more information about your coverage offered through your employment, please check your health plan's summary plan description or contact Leigh Ann Horton.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost.  - If checked, this coverage meets the minimum value standard, and the cost of this coverage to you is intended to be affordable, based on employee wages.
- ** Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.

If you decide to shop for coverage in the Marketplace, [HealthCare.gov](https://www.healthcare.gov) will guide you through the process. Here's the employer information you'll enter when you visit [HealthCare.gov](https://www.healthcare.gov) to find out if you can get a tax credit to lower your monthly premiums.
